To,

**Ministry of Environment and Forest,
Climate Change, Regional Offices (WCZ),
Ground Floor East Wing,
New Secretariat Building,
Civil Line, Nagpur -440001**

Sub : Six month compliance submission as per Terms & Conditions stipulated in Environmental Clearance for construction of Proposed project "Sahar Plaza" located at plot no 179A to H (new CTS no) of village Mulgaon & CTS no 243/A, 243A/1, 230/A, 230/B, 230/C & 230/D (new CTS no) & 238/B of village Kondivita of MV road, Andheri (E), Mumbai.

Ref. No. : SEAC-2013/CR-185/TC-1, Dated: 10th December, 2014

Respected Sir/ Madam,

In reference to the above referred letter of your highly revered office we would like to submit the Current Status of our construction work and Point wise compliance status to various stipulations laid down by the Ministry in its Clearance letter No. SEAC-2013/CR-185/TC-1 Dated: 10th December, 2014 along with the necessary annexure.

This compliance report is submitted, for the period from **October 2016 to March 2017.**

This is for your kind consideration and records. Kindly acknowledge the same.

Thanking you,

With warm regards,

For **TULSIANI-SUMER ASSOCIATES**

CURRENT STATUS OF WORK

- Current Status of construction : Wing aa1 - Basement completed.
5 floor slab - In progress.
Club house - Terrace slab completed.
Wing bb1 - Completed. (OC Granted)
- a. Date of commencement : January 13, 2007 (Actual)
(Actual and/or planned)
- b. Date of completion : December 2017
(Actual and/or planned)

: PART B:

POINT WISE COMPLIANCE STATUS

2. Point wise compliance status to various stipulations laid down by the Ministry in its clearance letter No. SEAC 2013/CR.185/TC.I dated 10.12.2014 are as follows:

Sr. No.	Condition	Status
General Conditions for Pre – Construction Phase:		
i	This environmental clearance is issued subject to restricting total FSI 71,613 sq m & parking to 215 as per approved plans by MCGM vide letter dated 17.06.2011 & 12.06.2014 approved.	Agreed to comply with As per the 87 th meeting held on 10 th to 12 th August 2015, Change in Parking to 636 nos. as per concession document by MCGM dated 12.06.2014. Please Refer Enclosure -01 for Amended EC .
ii	This Environmental clearance is issued subject to land use verification. Local authority / planning authority should ensure this with respect to Rules, Regulations, Notifications, Government Resolutions, Circulars, etc. issued if any. Judgments / Orders issued by Hon'ble High Court, Hon'ble NGT, Hon'ble Supreme Court regarding DCR provisions, environmental issues applicable in this matter should be verified. PP should submit exactly the same plans appraised by concern SEAC and SEIAA. If any discrepancy found in the plans submitted or details provided in the above para may be reported to environment department. This environmental clearance issued with respect to the environmental consideration and it does not mean that State Level Impact assessment Authority (SEIAA) approved the proposed land use.	Agreed to comply with.
iii	This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angel including clearance from the standing committee of the National Board for Wild life as if applicable & this environmental clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.	NOC from Wild Life Board is Not Applicable as per final Notification reg. ESZ of SGNP published by MOEF & CC u/no. S.O.3645 (E) dated 05/12/2016 as our project site is not affected by the ESZ belt.
iv	PP has to abide by the conditions stipulated by SEAC & SEIAA.	Adhere to.

Sr. No.	Condition	Status
v	The height, construction built up area of proposed construction shall be in accordance with the existing FSI/FAR norms of the urban local body & it should ensure the same along with survey number before approving layout plan & before according commencement certificate to proposed work. Plan approving Authority should also ensure the zoning permissibility for the proposed project as per the approved development plan of the area.	Agreed to comply with Height of the building will be as per the approved building plan. Please refer Enclosure-02 for Commencement Certificate .
vi	“Consent for Establishment “shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment Department before start of any construction work at the site.	MPCB granted consent to establish vide letter no. Format 1.0/BO/RO-HQ/MU-7088-16/CE-Revalidation/CC-0259 dated 03.02.2017. Consent to Establish is attached as Enclosure 3
vii	All required Sanitary & Hygienic Measures should be in Place before starting construction activities and to be maintained throughout the Construction phase.	Drinking water, toilets, periodical medical checkup facilities have been provided. About 30 labors are on the project site.
General Conditions for Construction Phase:		
i	Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche, and first Aid room etc.	Accommodation, provision of cooking, toilets and arrangement for safe drinking water for the construction labour has been provided. The details of sanitary measures are enclosed as Enclosure 04
ii	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.	All facilities are provided.
iii	The solid waste generated should be properly collected and segregated. Dry /inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.	Construction Waste: Excavation material is disposed of to authorized sites. Solid waste generated at the labour housing is being handed over to MCGM.

Sr. No.	Condition	Status
iv	Disposal of muck during construction phase should not create any adverse effects on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.	Muck disposal is being carried out as per the approval received from Solid Waste Management. Please refer Enclosure - 05 for NOC for Excavation .
v	Arrangement shall be made that waste water and storm water do not get mixed.	Agreed to comply with. Storm water drains will be constructed strictly in accordance to the governing authority regulations. The storm water collected through the storm water drains of adequate capacity will be discharged in to the external drain.
vi	All the topsoil excavated during construction activities should be stored for use in horticulture/ landscape development within the project site.	Excavated soil is partly used for backfilling and leveling of the plot & remaining shall be used within site for landscaping.
vii	Additional soil for leveling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.	Agreed to comply with. Excavation soil is partly reused on site for leveling.
viii	Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.	Plantation of 147 Nos. of trees of various varieties as per norms on ground of 5548.9 sq. m.
ix	Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.	Ground water & Soil quality is being monitored Monitoring Reports for ground water 7 soil are attached as Enclosure 06
x	Construction spoils including bituminous material and other hazardous materials must not be allowed to contaminate water courses and the dump sites for such materials must be secured so that they should not leach in to the ground water.	The construction process does not involve storage of hazardous material to be consumed in building construction works.
xi	Any hazardous waste generated during construction phase should be disposed off as per applicable rules & norms with necessary approvals of the Maharashtra State Pollution Control Board.	Waste oil which is generated due to usage of DG sets shall be stored and subsequently given to the authorized

Sr. No.	Condition	Status
		hazardous waste management agencies. DG sets will be used in case of power failure.
xii	The diesel generator sets to be used during construction phase should be low sulphur diesel type and should be confirm to Environments (Protection) Rules prescribed for air and noise emission standards.	Agreed to comply with. DG sets will be used in case of power failure.
xiii	The diesel required for operating DG sets shall be stored in underground tanks and if required, clearance from concerned authority shall be taken.	Agreed to comply with.
xiv	Vehicles hired for bringing construction material to the site should be in good condition and should have valid “pollution under check” (PUC) certificate and should conform to applicable air and noise emission standards and should be operated only during non peak hours.	Vehicles hired for bringing construction material to site have valid pollution check certificates and conform to applicable air and noise emission standards and will be operated only during non-peak hours. PUC Certificate is attached as Enclosure 07
xv	Ambient noise level should conform to residential standards both during day and night. Incremental pollution load on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by the CPCB/MPCB.	Monitoring reports is attached as Enclosure 06
xvi	Fly ash should be used as building material in the construction as per the provisions of Fly Ash Notification of September 1999 and amended as on 27 th August, 2003. (The above condition is applicable only if the project site is located within the 100 Km of Thermal Power Stations.)	Pozzalona Portland cement is being used which already contains Fly ash.
xvii	Ready mixed concrete must be used in building construction.	Ready mixed concrete is being used on site.
xviii	The approval of competent authority shall be obtained for structural safety of the buildings due to any possible earthquake, adequacy of fire fighting equipments etc. as per the National Building Code including measures from lighting	Structural Stability certificate is attached as Enclosure 08 . Fire NOC is attached as Enclosure 09 .
xix	Storm water control and its reuse as per CGWB and BIS standards for various applications.	Agreed to comply with.
xx	Water demand during construction should be reduced by using pre-mixed concrete, curing agents and best practices	Ready mixed concrete and curing agents are being used.

Sr. No.	Condition	Status
	referred.	
xxi	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.	Noted and complied with. Please refer Enclosure – 06 for Ground Water Quality report .
xxii	The installation of the sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treated effluent emanating from STP shall be recycled/reused to the maximum extent possible. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treatment of 100% gray water by decentralized treatment should be done. . Necessary measures should be made to mitigate the odour problem from STP.	Agreed to comply with. A STP of total capacity 265 KLD will be provided for the project. Treated sewage will be reused for gardening, AC makeup & flushing.
xxiii	Permission to draw ground water and construction of basement if any shall be obtained from competent authority prior to construction/operation of project.	During Construction Phase: Fresh water supply (For workers): Source - Municipal Corporation of Greater Mumbai (M.C.G.M.) For construction purpose : Source- M.C.G.M. During Operational Phase: Domestic: M.C.G.M. Flushing & gardening - 265 KLD of treated sewage will be reused.
xxiv	Separation of gray and black water should be done by the use of dual plumbing line for separation of gray and black water.	Agreed to comply with. Dual plumbing system will be provided.
xxv	Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.	Agreed to comply with. Low flow Fixtures shall be used.
xxvi	Use of glass may be reduced to 40% to reduce the electricity consumption and load on air conditioning. If necessary, use high quality double glass with special reflective coating in windows.	Agreed to comply with
xxvii	Roof should meet prescriptive requirement as per Energy	Agreed to comply with

Sr. No.	Condition	Status
	Conservation Building Code by using appropriate thermal insulation material to fulfill requirement.	
xxviii	Energy conservation measures like installation of CFLs/TFLs for lightning the areas outside the building should be integral part of the project design and should be in place before commissioning. Use CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible like installing solar street lights, common solar water heaters system. Project proponent should install, after checking feasibility, solar plus hybrid non conventional energy source as source of energy.	<p>Agreed to comply with Energy conservation measures is as follows:</p> <ul style="list-style-type: none"> • Use of LED lamps for common areas. • Lightning in multiple circuits to facilitate switching off one or more circuit. • Maximum use of day light designing. • Use of energy efficient (EFF1) motors.
xxix	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during operation phase should be of “Enclosed type” and conform to rules made under Environment (Protection) Act 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel. The location of the DG sets may be decided with in consultation with MPCB.	<p>Agreed to comply with. Enclosed type D.G. sets approved by CPCB with proper stack height and at proper location is used. D.G. sets will only be used in case of power failure.</p>
xxx	Noise should be controlled to ensure that it does not exceed the prescribed standards During night time the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.	Noise Monitoring report are attached as Enclosure 6.
xxxii	Traffic congestion near the entry and exit points from the roads adjoining the proposed site must be avoided. Parking should be fully internalized and no public space should be utilized.	The project proponents have proposed to provide well organized parking arrangement with Parking area of 33742.8 sq. mt. Width of all internal roads will be 12m.
xxxiii	Opaque wall should meet prescriptive requirement as per Energy Conservation Building Code, which is proposed to be mandatory for all air-conditioned spaces while it is aspirational for non air-conditioned spaces by use of appropriate thermal insulation material to fulfill	Agreed to comply with.

Sr. No.	Condition	Status
	requirement.	
xxxiii	The building should have adequate distance between them to allow movement of fresh air and passage of natural light, air and ventilation.	12 m. distance will be provided between the buildings.
xxxiv	Regular supervision of above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings.	Agreed to comply with. Regular supervision is being carried out.
xxxv	Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.	Environmental Clearance received from MoEF before starting the construction of project. Environmental clearance is attached as Enclosure 1.
xxxvi	Six monthly monitoring reports should be submitted to the Regional Office MoEF, Bhopal with copy to this Department and MPCB.	Six monthly monitoring reports are being submitted.
General Conditions for Post Construction /Operation Phase:		
i	Project proponent shall ensure completion of STP, MSW disposal Facility, green belt development prior to occupation of the buildings. No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement in Para. 2. Prior certification from appropriate authority shall be obtained.	Agreed to comply with. <ul style="list-style-type: none"> • STP of total capacity 265KL will be provided for the project. • OWC for treatment of 850 Kg/Day biodegradable garbage will be provided. • 690 Kg/Day non-biodegradable garbage shall be handed over to MCGM (Municipal Corporation Greater Mumbai). RG area will be developed over an area of 5548.9 sq. m.
ii	Wet Garbage should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. Local authority should ensure this.	Agreed to comply with. OWC for treatment of 850 Kg/Day biodegradable waste will be provided.
iii	Local body should ensure that no occupation certification is issued prior to operation of STP/MSW site, etc with due permission of MPCB	Complied with. Please refer Enclosure – 10 for Occupancy Certificate.
iv	A complete set of all documents submitted to the Department should be forwarded to the Local Authority and MPCB.	Agreed to comply with
v	In case of any change(s) in the scope of the project, the	Agreed to comply with

Sr. No.	Condition	Status
	project would require a fresh appraisal by this Department.	
vi	A separate environmental Management Cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.	Agreed to comply with.
viii	Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environmental protection measures shall not be diverted for other purposes and year-wise expenditure should report to the MPCB & this Department.	Construction phase: Rs. 95.6 Lakhs have been allocated for the entire construction period. Operation phase: Recurring Rs.43.4 Lakhs per annum.
viii	The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of the clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at http://ec.maharashtra.gov.in .	Advertisement copy is attached as Enclosure 11 .
ix	Project management should submit half yearly compliance reports in respect of the stipulated prior environmental clearance terms & conditions in hard & soft copies to the MPCB & this Department, on 1 st June & 1 st December of each calendar year	Half yearly compliance reports regarding compliance of stipulated norms of prior EC is being submitted.
x	A copy of clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.	Agreed to comply with.
xi	The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely: SPM, RSPM, SO ₂ , NO _x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient	Agreed to comply with.

Sr. No.	Condition	Status
	location near the main gate of the company in the public domain.	
xii	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal office of CPCB and the SPCB.	Half yearly compliance reports regarding compliance of stipulated norms of prior EC is being submitted.
xiii	The environmental statement for each financial year ending 31 st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.	Environmental statement is being submitted.
4	The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him. If any or action initiated under EP Act.	Agreed to comply with.
5	In case of submission of false document and non compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environmental Clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.	Agreed to comply with.
6	The Environment department reserves the right to add any stringent condition or to revoke the clearance if conditions stipulated are not implemented to the satisfaction of the department or for that matter, for any other administrative reason.	Agreed to comply with.
7	Validity of Environment Clearance: The environmental clearance accorded shall be valid for a period of 5 years.	Agreed to comply with.

Sr. No.	Condition	Status
8	In case of any deviation or alteration in the project proposed from those submitted to this department for clearance, a fresh reference should be made to the department to assess the adequacy of the conditions (S) imposed and to incorporate additional environmental protection measures required, if any.	Agreed to comply with.
9	The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981. The Environment (Protection) Act 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.	Agreed to comply with.
10	Any appeal against this environmental clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1 st Floor, D-, Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act.2010.	Agreed to comply with.
11	This Environment Clearance is issued for proposed project “Sahar Plaza” located at plot no 179A to H (new CTS no) of Village Mulgaon & CTS no 243/A, 243A/1, 230/B, 230/C & 230/D 90 (new CTS no) & 238/B of village Kondivita of M V road, Andheri (E), Mumbai by Tulsiani – Summer associates.	Agreed to comply with.

Compliance as per
Monitoring the Implementation of Environmental Safeguards
Ministry of Environment & Forests
Regional Office (W), Nagpur.

Monitoring Report

PART – I

DATA SHEET

Date:

1. Project type: River - valley/ Mining / Industry / Thermal / Nuclear / Other (specify) : Proposed commercial development “Sahar Plaza” is expansion project. The commercial office complex has obtained Environment clearance on October 19, 2006.
2. Name of the project : **“SAHAR PLAZA”**
3. Clearance letter (s) / OM No. and Date : SEAC. 2013/CR-185/TC-1,
Dated : 10th December, 2014
4. Location :
 - a. District (S) : Mumbai
 - b. State (s) : Maharashtra
 - c. Latitude/ Longitude : Latitude : 19° 6’48.94” N
Longitude : 72° 52’6.12” E
5. Address for correspondence : **Mr. S. M. Kuvelkar**
(Partner)
M/s. TULSIANI-SUMER ASSOCIATES
1103/1104, Tulsiani Chambers,
212, Nariman,
Mumbai – 400 021.
Tel. No.: 022-22851505
Fax No.: 022-22855856
 - a. Address of Concerned Project Chief Engineer (with pin code & Telephone / telex / fax numbers) : **Mr. Jayesh Mehta**
(Project Manager)
M/s. TULSIANI-SUMER ASSOCIATES
Sahar Plaza Complex, Sir M.V. Road,
Next to Kohinoor Continental Hotel, Andheri (East), Mumbai – 400 059.
Tel. No.: 30820126/7
Fax No.: 28382412
 - b. Address of Executive Project: Engineer/Manager (with pincode/ Fax numbers) : **Same as above**

6. Salient features :
- a. of the project : **“SAHAR PLAZA”**
Proposed Development of commercial complex at plot no 179A to179H, village – Mulgaon and CTS no 243/A, 243/A1, 230/A, 230/B, 230/C & 230/D of village Kondivata, M.V. Road, Andheri (E) Mumbai 400 059.
- b. of the environmental management plans : **Expenditure on Environmental Management**
Construction phase:
Rs. 95.6 Lakhs have been allocated for the entire construction period.
Operation phase:
Recurring Rs.43.4 Lakhs per annum.
7. Break up of the project area :
- a. submergence area forest & non-forest : **Not applicable**
- b. Others : FSI: 71733.94 Sq. m
Non FSI: 48846.88 sq.m
Construction Built up Area: 1,20,580.82 Sq. mt
5 Buildings + 1 club House
Midas: B+G+7
Bonanaza: G+7
Meadows: 2B+G+10
Windfall:2B+G+12
Mint: 2B+G+8^{1/2} (proposed bldg)
Mint and Windfall are having common basement
Club House: G+1
8. Break up of the project affected Population with enumeration of Those losing houses / dwelling units Only agricultural land only, both Dwelling units & agricultural Land & landless labourers/artisan : **Not Applicable.**
- a. SC, ST/Adivasis : **Not Applicable**
- b. Others : **Not Applicable**
(Please indicate whether these Figures are based on any scientific And systematic survey carried out Or only provisional figures, it a Survey is carried out give details And years of survey)
9. **Financial details** :
- a. Project cost as originally planned and subsequent revised estimates and the year of price reference :
1. Total Cost of the Project : **Rs. 360 Crores.**

- b. Allocation made for environmental management plans with item wise and year wise Break-up. : **Annexure –01(Part-III)**
- c. Benefit cost ratio/Internal rate of Return and the year of assessment : ---
- d. Whether (c) includes the Cost of environmental management as shown in the above. : ---
- e. Actual expenditure incurred on the project so far : **Rs. 244 Crores.**
- f. Actual expenditure incurred on the environmental management plans so far. : **Rs. 1.38 Crores.**
10. Forest land requirement : **Not Applicable**
- a. The status of approval for diversion of forest land for non-forestry use : **Not Applicable**
- b. The status of clearing felling : **Not Applicable**
- c. The status of compensatory afforestation, if any : **Not Applicable**
- d. Comments on the viability & sustainability of compensatory afforestation program in the light of actual field experience so far. : **Not Applicable**
11. The status of clear felling in Non-forest areas (such as submergence area of reservoir, approach roads), if any with quantitative information. : **Not Applicable**
12. Status of construction : Wing aa1 - Basement completed.
5 floor slab in progress.
Club house – Terrace slab completed.
Wing bb1 – Completed. (OC Granted)
- a. Date of commencement (Actual and/or planned) : January 13, 2007 (Actual)
- b. Date of completion (Actual and/or planned) : December 2017
13. Reasons for the delay if the Project is yet to start : N. A.
14. Dates of site visits :
- a. The dates on which the project was monitored by the Regional Office on previous Occasions, if any : Site visited by Mr. Daware on 10th January 2009.

- b. Date of site visit for this monitoring report. : --

Minutes of the 87th meeting of the SEIAA held on 10th to 12th August, 2015

Item No. 67

Subject: Amendment in EC for proposed project "Sahar Plaza" proposed development of commercial complex at plot no. 179A to H (new CTS no.) of village Mulgaon and CTS nos. 243/A, 243/A/1, 230/A, 230/B, 230/C & 230/D (new CTS no) and 238/B of village Kondivita of v.M.V. Road, Andheri (E), Mumbai by M/s. Tulsiani-Sumer Associates Builders & Developers.

Authority noted that environment clearance has been issued to M/s. Tulsiani-Sumer Associates Builders & Developers for proposed project "Sahar Plaza" proposed development of commercial complex at plot no. 179A to H (new CTS no.) of village Mulgaon and CTS nos. 243/A, 243/A/1, 230/A, 230/B, 230/C & 230/D (new CTS no) and 238/B of village Kondivita of v.M.V. Road, Andheri (E), Mumbai. Now, PP wide letter dated 30th May, 2015 has approached to SEIAA for amendment in EC. The Projectponent has sought amendment as below-

Comparative Statement of Sahar Plaza by M/s Tulsiani-Sumer Associates				
Sr. No	Description	As per EC received	Proposed Amendment	Remarks
1.	Total plot area	49464.3 sq.m	49464.30 sq. m	PR card is furnished in hard copy.
2.	Deductions	14117.6 sq.m	12489.25sq. m	As per MCGM approval.
3.	Net Plot Area	35346.70 sq.m	36975.05 sq.m	Amenity open space area calculation was change from 12.5% of net plot area to total deduction of 20% including garden & other reservation.
4.	Maximum permissible BUA	48850.00 sq.m	71733.94 sq.m	48,850 sq.m does not include first 2 buildings(Bldg no.1(Midas):8867.59 sq.m&Bldg no.2(Bonanza):6849.48sq.m.
5.	Total BUA area	48850.00 sq.m	71733.94 sq.m

Minutes of the 87th meeting of the SEIAA held on 10th to 12th August, 2015

	proposed building			
23	Turning radius for easy access for fire tender movement from all around the building excluding the width for the plantation	12m	12m	
24	Width of all internal roads	12m	12m	

The Authority noted the the D.O. letter no. SEIAA-2014/CR.133/TC-3 dated 29th November, 2014 by Addl. Chief Secretary, Environment Department, GoM to Secretary, MoEF&CC regarding amendments in EC issued to the building projects.

In the 87th meeting, Authority further noted that due to change in parking proposed, PP applied for amendment in Earlier EC issued by SEIAA.

After discussing the proposed changes in detail and considering OM dated 19.06.2013 issued by MoEF wherein it is clarified that SEIAA/SEAC need not focus on the other issues which are normally looked after by the concerned local bodies, SEIAA decided to accord approval to the amendment sought in the EC as the consequential impact on account of the proposed changes is not likely to be adverse on the environmental parameters.

Mumbai- 400 032.
Dated: 10th December, 2014

To,
M/s Tulsiani Sumer Associates
At village Mulgaon and Kondivata,
M.V. Road ,Andheri(E),
Mumbai-400 059

Subject: Environment clearance for proposed project "Sahar Plaza" located at plot no 179A to H (new CTS no) of village Mulgaon & CTS no 243/A, 243A/1, 230/A, 230/B, 230/C & 230/D (new CTS no) & 238/B of village Kondivata of M V road , Andheri (E), Mumbai by M/s Tulsiani - Sumer associates.

Sir,

This has reference to your communication on the above mentioned subject. The proposal was considered as per the EIA Notification - 2006, by the State Level Expert Appraisal Committee-II, Maharashtra in its 21st meeting and recommend the project for prior environmental clearance to SEIAA. Information submitted by you has been considered by State Level Environment Impact Assessment Authority in its 69th & 74th meetings.

2. It is noted that the proposal is for grant of Environmental Clearance for proposed project "Sahar Plaza" located at plot no 179A to H (new CTS no) of village Mulgaon & CTS no 243/A, 243A/1, 230/A, 230/B, 230/C & 230/D (new CTS no) & 238/B of village Kondivata of M V road . Andheri (E), Mumbai. SEAC-II considered the project under screening category 8(a) B2 as per EIA Notification 2006

Brief Information of the project submitted by Project Proponent is as-

Name of the project:	"Sahar Plaza" - Proposed development of commercial complex at plot no. 179A to 179H ,village- Mulgaon and CTS no.s 243/A,243/A1,,230/A,230/B,230/C& 230/D of village Kondivata, M.V. Road ,Andheri(E),Mumbai-400 059.
Project Proponent	M/s Tulsiani Sumer Associate
Consultant	Building Environment (India) Pvt. Ltd.
Type of the project	Proposed commercial development "Sahar Plaza "is expansion project. The commercial office complex has obtained Environment clearance on October 19, 2006.

Location of Project	Proposed commercial complex "Sahar Plaza" at plot no. 179A to 179H ,village- Mulgaon and CTS no.s 243/A,243/A1,,230/A,230/B,230/C& 230/D of village Kondivata, M.V. Road ,Andheri(E),Mumbai-400 059..
Whether in Corporation / Municipal / Other area:	The proposed project falls in limits of Municipal Corporation of Greater Mumbai (MCGM)
Applicability of the DCR	Development control regulation for Mumbai- 1991
Note on the initiated work	Project proponent had constructed two buildings (Midas, Bonanza) on the plot prior to EIA notification was amended on 7th July 2004. Midas - Occupation Certificate was obtained on 23 rd September,1995 Bonanza -Occupation Certificate was obtained on 1 st October,1996 Project proponent applied for Environment Clearance for further construction as per EIA notification 1994 as amended on July 2004 and this was granted on 19th October 2006 for a Plot area 35,346.70 sq.m and Total built up area of 48850 sq.m. With this clearance 2 more buildings (Meadows and Windfall) with a total built up area of 36028.42 sq.m. were constructed and obtained Consent to Establishment on 22 nd March,2006 and Consent to Operate on 1st October,2012
Total plot area	49464.30sq.m
Deductions	12489.25 sq.m
Net plot area	36975.05 sq.m
Permissible FSI (including TDR etc.)	Maximum Permissible FSI -71733.94 sq.m TDR generated- 34895.35 sq.m
Proposed Built up area (FSI & Non- FSI):	Construction BUA: 1,20,580.82 sq.m FSI: 71733.94 sq.m Non FSI: 48846.88sq.m
Ground Coverage Percentage (%)	15789.31 sq.m 43%
Estimated cost of the project:	Rs 360 Crores
No. of Buildings and its configuration	5 buildings + 1 club house Midas:B+G+7 Bonanza:G+7 Meadows:2B+G+10 Windfall:2B+G+12 Mint: 2B +G+8 ½ (proposed bldg.) Mint and Windfall are having common basement Club house: G+1.
No. of Expected residents/users	Commercial no.:7173 no.s
Height of building	42.98 m
Right of way	60 mtrs
Turning radius	12 mtrs.
Existing Structures	4no.s of buildings exists on site. Midas and Bonanza- Constructed prior to EIA notification

	<p>was amended on 7th July, 2004. Meadows and Windfall: Constructed after obtaining EC dtd October 19,2006and Consent to Establishment dtd 22 nd March, 2006.</p>
Total water requirement	<p>Dry season: Fresh water demand=111 KLD & Source :MCGM Recycled water supply: For flushing : 222 KLD For landscaping : 66 KLD AC make up-21KLD Total water demand =420 KLD Wet season: Fresh water demand=111 KLD & Source :MCGM Recycled water supply: For flushing : 222 KLD AC make up-21KLD Total water demand =354 KLD</p>
Rain water Harvesting	<p>Rain Water Harvesting (RWH) The incremental rain water runoff as a result of the construction will be captured in 22# Rain water harvesting chambers each of 25.92 m³/day are constructed on site. Total capacity 570 m³/day for percolation. No additional chambers or trenches are proposed. It is proposed to have rain water collection tanks of 120m³ capacity (total) and harvested water is used is equal to 2 days terrace rainfall for pro. Bldg. Level of ground water table: Size and no of RWH tank(s) and Quantity : Existing: Meadows bldg.-30cum/day Windfall bldg.-70cum/day Proposed : Mint bldg. 130 cum/day • Size, no of recharge pits and Quantity . 22 Rain water harvesting chambers, each of 25.92 cum/day are constructed on site. Total 570 cum/day for percolation. No additional chambers/trenches are proposed • Budgetary allocation (Capital cost and O&M cost) Capital cost:6.6 lacs Maintenance cost: 1.5 lacs/yr</p>
Storm water drainage	<p>Natural water drainage pattern: The proposed project will have storm water drainage network as per MCGM remarks.</p>
Sewage and Wastewater	<p>I. Sewage Generation: 295 cum/day wastewater will be generated. The treated water coming from STP (265 cum/day) will be used for secondary purposes like, gardening, AC make up and flushing in non monsoon season. II. STP Technology – Wastewater produced will be treated on site in a Sewage Treatment Plant of capacity -Existing 60 KLD working on 'Extended Aeration technology and</p>

	<p>Proposed 240 KLD working on 'Moving Bed Bioreactor' (MBBR) technology.</p> <p>III. Capacity of STP – Sewage Treatment Plant of capacity (Existing 60 KLD working on 'Extended Aeration technology and Proposed 240 KLD working on 'Moving Bed Bioreactor' (MBBR) technology.</p> <p>V.DG sets (during emergency): D.G. Set will be used as an alternate supply of electricity only in case of emergency. Type of fuel: High Speed Diesel (HSD) will be used as fuel in DG sets 380 kVA = 2 nos, 200 kVA = 1 nos, 125 kVA = 1 nos and 50 kVA = 1 nos</p> <p>V. Budgetary allocation (capital accost and O&M cost) Capital Cost: 86 Lakhs O&M cost: 18.9Lakhs/year</p>
Solid Waste Management	<p>Pre Construction and Construction phase Waste:- Waste generated during pre construction and construction phase is 6 MT/day Operation Phase Waste generation in the operation Phase: Dry waste MT/day:-690 kg/day Wet waste MT/day:-850 kg/day</p> <p>E Waste: E waste will be generated after 5 years latency period. The expected e waste: 10.7 T/year. Individual office will be responsible for storage & disposal</p> <p>Hazardous waste: Hazardous waste that would generated in residential project would be spent due to use of DG set .DG set will be used for meeting emergency loads. Quantity of Spent Oil – The quantity of spent oil from DG sets would be 580 lit/annum. Bio medical waste (kg/month):Not applicable STP sludge (Dry sludge) kg/day: 0.1TPD Area requirement Total area provided for the storage and treatment of the solid waste :149 sq.m Budgetary allocation (capital accost and O&M cost) Capital Cost : 18.5 Lakhs O&M cost:3 Lakhs/year</p>
Green Belt Development	<p>RG area under green belt: • Green on the ground (sq. m.) :5548.9sq.m • Other green area (sq. m.):7557.3sq.m Plantation Number and list of trees species to be planted in the ground RG: 277 trees on RG area of 5548.9 sq.m will be planted. Number, size, age and species of trees to be cut, trees to be transplanted: 142 trees exist on site and 6 no. of trees will be cut which will be preserved on site. NOC for the Tree cutting / transplantation/</p>

compensatory plantation, if any: 12 no.s

Common Name	No. to be planted	Important features
Mahrak	12	Large tree, good for roadside plantation
Palas	14	Medium sized deciduous tree. Beautiful orange flowers, Butterfly host plant
Kadamb	15	Shady, large deciduous tree, fast-growing graceful tree, ball shaped flowers.
Neem	18	Semi-evergreen tree with medicinal value
Sita ashok	16	Shady tree with red-yellow flowers.
Apta	12	Small tree with small white flowers, Butterfly host plant
Fish tail palm	15	Tall evergreen tree
Son chafa	16	Medium sized evergreen tree, fragrant yellow flowers, Butterfly host plant
Bhava	15	Medium sized deciduous tree. Beautiful yellow flowers, Butterfly host plant
Parijatak	14	Small deciduous fast growing tree, beautiful flowers.
Total	147	

Budgetary allocation (Capital cost and O&M cost)

For tree plantation:

Capital Cost : 75 Lakhs

O&M cost: .18 Lakhs/year

Energy

Total connected load : 6360 KW

Estimated Max Demand @ 70% Diversity:4452kw

Source: Reliance

D.G Set: Type of Fuel used and Capacity

High Speed Diesel (HSD) will be used as fuel in DG sets

380 kVA = 2 nos, 200 kVA = 1 nos,

125 kVA = 1 nos and 50 kVA = 1 nos

Environmental Management Plan Budgetary Allocation	Operation phase (with break-up)		
	Sr. no.	Description	Maintenance and operation cost (lakh per year)
	1	Maintenance of STP	18.9
	2	Maintenance of WTP building	2
	3	Maintenance of RWH	1.5
	4	Maintenance of Landscaped area	18
	5	Maintenance of OWC	3
	6	Energy conservation	Nil
		Total	43.4
Traffic Management	<p>Nos. of the junction to the main road and design of confluence The site is accessible from Andheri-Kurla road in south side and Marol cross road from east side.</p> <p>Parking details No. & area of basement: 32816.43 sq.m / 6 no.s. No. & area of podia: 1 podium & 9312.35m of each podium Total parking area: 33742.8 Sq.m Area per car: 2-W :5 sq.m 4-W: 13sq.m Width of all internal roads Width of all internal roads will be 12 m.</p>		

3. The proposal has been considered by SEIAA in its 69th & 74th meetings & decided to accord environmental clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implementation of the following terms and conditions :

General Conditions for Pre- construction phase:-

- (i) This environmental clearance is issued subject to restricting total FSI 71,613 sq m & parking to 215 as per approved plans by MCGM vide letter dated 17.06.2011 & 12.06.2014 as approved
- (ii) This environmental clearance is issued subject to land use verification. Local authority / planning authority should ensure this with respect to Rules, Regulations, Notifications, Government Resolutions, Circulars, etc. issued if any. Judgments/orders issued by Hon'ble High Court, Hon'ble NGT, Hon'ble Supreme Court regarding DCR provisions, environmental issues applicable in this matter

should be verified. PP should submit exactly the same plans appraised by concern SEAC and SEIAA. If any discrepancy found in the plans submitted or details provided in the above para may be reported to environment department. This environmental clearance issued with respect to the environmental consideration and it does not mean that State Level Impact Assessment Authority (SEIAA) approved the proposed land use.

- (iii) This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.
- (iv) PP has to abide by the conditions stipulated by SEAC & SEIAA.
- (v) The height, Construction built up area of proposed construction shall be in accordance with the existing FSI/FAR norms of the urban local body & it should ensure the same along with survey number before approving layout plan & before according commencement certificate to proposed work. Plan approving authority should also ensure the zoning permissibility for the proposed project as per the approved development plan of the area.
- (vi) "Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- (vii) All required sanitary and hygienic measures should be in place before starting construction activities and to be maintained throughout the construction phase.

General Conditions for Construction Phase-

- (i) Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche and First Aid Room etc.
- (ii) Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- (iii) The solid waste generated should be properly collected and segregated. dry/inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.
- (iv) Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.
- (v) Arrangement shall be made that waste water and storm water do not get mixed.
- (vi) All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- (vii) Additional soil for leveling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.

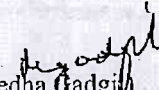

- (viii) Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.
- (ix) Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
- (x) Construction spoils, including bituminous material and other hazardous materials must not be allowed to contaminate watercourses and the dumpsites for such material must be secured so that they should not leach into the ground water.
- (xi) Any hazardous waste generated during construction phase should be disposed off as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
- (xii) The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
- (xiii) The diesel required for operating DG sets shall be stored in underground tanks and if required, clearance from concern authority shall be taken.
- (xiv) Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- (xv) Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
- (xvi) Fly ash should be used as building material in the construction as per the provisions of Fly Ash Notification of September 1999 and amended as on 27th August, 2003. (The above condition is applicable only if the project site is located within the 100Km of Thermal Power Stations).
- (xvii) Ready mixed concrete must be used in building construction.
- (xviii) The approval of competent authority shall be obtained for structural safety of the buildings due to any possible earthquake, adequacy of fire fighting equipments etc. as per National Building Code including measures from lighting.
- (xix) Storm water control and its re-use as per CGWB and BIS standards for various applications.
- (xx) Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices referred.
- (xxi) The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- (xxii) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treated effluent emanating from STP shall be recycled/refused to the maximum extent possible. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treatment of 100% gray water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP.

- (xxiii) Permission to draw ground water and construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- (xxiv) Separation of gray and black water should be done by the use of dual plumbing system for separation of gray and black water.
- (xxv) Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- (xxvi) Use of glass may be reduced up to 40% to reduce the electricity consumption and load on air conditioning. If necessary, use high quality double glass with low reflective coating in windows.
- (xxvii) Roof should meet prescriptive requirement as per Energy Conservation Building Code by using appropriate thermal insulation material to fulfill requirement.
- (xxviii) Energy conservation measures like installation of CFLs /TFLs for the lighting in the areas outside the building should be integral part of the project design and should be in place before project commissioning. Use CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines of the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible like installing solar street lights, common solar water heaters system. Project proponent should install, after checking feasibility, solar plus hybrid non conventional energy source as source of energy.
- (xxix) Diesel power generating sets proposed as source of back up power for elevator and common area illumination during operation phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel. The location of the DG sets should be decided with in consultation with Maharashtra Pollution Control Board.
- (xxx) Noise should be controlled to ensure that it does not exceed the prescribed standards. During nighttime the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prescribed regulations.
- (xxxii) Traffic congestion near the entry and exit points from the roads adjoining proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
- (xxxiii) Opaque wall should meet prescriptive requirement as per Energy Conservation Building Code, which is proposed to be mandatory for all air-conditioned spaces while it is aspirational for non-air-conditioned spaces by use of appropriate thermal insulation material to fulfill requirement.
- (xxxiiii) The building should have adequate distance between them to allow movement of fresh air and passage of natural light, air and ventilation.
- (xxxv) Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings.
- (xxxvi) Under the provisions of Environment (Protection) Act, 1986, legal action should be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
- (xxxvii) Six monthly monitoring reports should be submitted to the Regional office of MPCB, Bhopal with copy to this department and MPCB.

General Conditions for Post- construction/operation phase-

- (i) Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement in Para 2. Prior certification from appropriate authority shall be obtained.
- (ii) Wet garbage should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. Local authority should ensure this.
- (iii) Local body should ensure that no occupation certification is issued prior to operation of STP/MSW site etc. with due permission of MPCB.
- (iv) A complete set of all the documents submitted to Department should be forwarded to the Local authority and MPCB.
- (v) In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Department.
- (vi) A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
- (vii) Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes and year-wise expenditure should reported to the MPCB & this department.
- (viii) The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at <http://ec.maharashtra.gov.in>.
- (ix) Project management should submit half yearly compliance reports in respect of the stipulated prior environment clearance terms and conditions in hard & soft copies to the MPCB & this department, on 1st June & 1st December of each calendar year.
- (x) A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
- (xi) The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.
- (xii) The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
- (xiii) The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.
5. In case of submission of false document and non compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environmental Clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.
6. The Environment department reserves the right to add any stringent condition or to revoke the clearance if conditions stipulated are not implemented to the satisfaction of the department or for that matter, for any other administrative reason.
7. **Validity of Environment Clearance:** The environmental clearance accorded shall be valid for a period of 5 years.
8. In case of any deviation or alteration in the project proposed from those submitted to this department for clearance, a fresh reference should be made to the department to assess the adequacy of the condition(s) imposed and to incorporate additional environmental protection measures required, if any.
9. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.
10. Any appeal against this environmental clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-, Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
11. This Environment Clearance is issued for proposed project "Suhur Plaza" located at plot no 179A to H (new CTS no) of village Mulgaon & CTS no 243/A, 243A/1, 230/A, 230/B, 230/C & 230/D (new CTS no) & 238/B of village Kondivita of M V road , Andheri (E), Mumbai by M/s Tulsiani - Sumer associates

MUNICIPAL CORPORATION OF GREATER MUMBAI

FORM 'A'

MAHARASHTRA REGIONAL AND TOWN PLANNING ACT, 1966

No. CE/ 9152 /BSI/WS/AMAK of 27 MAR 2012

COMMENCEMENT CERTIFICATE

To,
M/s. Tulsiyani Builders
& Textiles Pvt. Ltd.

EX. Engineer Bldg. Proposal (WS)
Hand & Words
Municipal Officer, A. K. Patkar Marg,
Bandra (West), Mumbai - 400 050

Sir,

With reference to your application No. 6248 dated 16/07/07 for Development Permission and grant of Commencement Certificate under Section 44 & 69 of the Maharashtra Regional and Town Planning Act 1966, to carry out development and building permission under Section 346 of the Mumbai Municipal Corporation Act 1888 to erect a building.

To the development work of Rep Club House & Swimming Pool CTS No. 179A/104/230/1100
at premises at Street M.Y. Rd. village Kondivits plot No. 238-B, 243-A, 243-A/1
No. situated at Andheri (E) in K/East Ward.

The Commencement Certificate/Building Permit is granted on the following conditions :-

1. The land vacated in consequence of the endorsement of the setback line/road widening line shall form part of the public street.
2. That no new building or part thereof shall be occupied or allowed to be occupied or used or permitted to be used by any person until occupancy permission has been granted.
3. The Commencement Certificate/Development permission shall remain valid for one year commencing from the date of its issue.
4. This permission does not entitle you to develop land which does not vest in you.
5. This Commencement Certificate is renewable every year but such extended period shall be in no case exceed three years provided further that such lapse shall not bar any subsequent application for fresh permission under section 44 of the Maharashtra Regional & Town Planning Act, 1966.
6. This Certificate is liable to be revoked by the Municipal Commissioner for Greater Mumbai if :-
 - (a) The Development work in respect of which permission is granted under this certificate is not carried out or the use thereof is not in accordance with the sanctioned plans.
 - (b) Any of the conditions subject to which the same is granted or any of the restrictions imposed by the Municipal Commissioner for Greater Mumbai is contravened or not complied with.
 - (c) The Municipal Commissioner of Greater Mumbai is satisfied that the same is obtained by the applicant through fraud or misrepresentation and the applicant and every person deriving title through or under him in such an event shall be deemed to have carried out the development work in contravention of Section 42 of 45 of the Maharashtra Regional and Town Planning Act, 1966.
7. The conditions of this certificate shall be binding not only on the applicant but on his heirs, executors, assignees, administrators and successors and every person deriving title through or under him.

The Municipal Commissioner has appointed Shri. P. W. BHARGAVA
Executive Engineer to exercise his powers and functions of the Planning Authority under Section 45 of the said Act.

This CC is valid upto 26 MAR 2013.

This Commencement certificate is for
tying out the work upto Plinth only

Schedule-I

Terms & conditions for compliance of Water Pollution Control:

- 1) A] As per your consent application, you have proposed to provide the sewage treatment system with the design capacity of 300 CMD (60 CMD +240 CMD).
- B] The Applicant shall operate the sewage treatment system to treat the sewage so as to achieve the following standards/ prescribed under EP Act, 1986 and Rules made there under from time to time, whichever is stringent.

1	Suspended Solids	Not to exceed	50 mg/l.
2	BOD 3 Days 27 degree C	Not to exceed	10 mg/l.
3	COD	Not to exceed	100 mg/l.

- C] The treated domestic effluent shall be 60% recycled and reused for flushing, fire fighting and cooling of Air conditioners etc. The remaining shall be discharged into Municipal sewer/ utilized on land for gardening after conforming to above standards. The firm shall affix the separate meter for ensurance of 60% recycling of treated sewage and keep the records of the same. In no case effluent shall find its way to any water body directly /indirectly at any time.
- 2) The Board reserves its rights to review plans, specifications or other data relating to plant setup for the treatment of water, works for the purification thereof & the system for the disposal of sewage or trade effluent or in connection with the grant of any consent conditions. The Applicant shall obtain prior consent of the Board to take steps to establish the unit or establish any treatment and disposal system or an extension or addition thereto.
- 3) The firm shall ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.
- 4) In case, the water consumption of the project is not covered under the water consumption of local body, in that situation, the project proponent shall submit the CESS Returns in the prescribed format given under the provision of Water (Prevention & Control of Pollution) Cess Act, 1977 and Rules made there under for various category of water consumption.

In case the water consumption is duly assessed under the quantity of water consumption of local body, the project proponent shall submit certificate to that effect from the concern local body with the request not to assess CESS on their water consumption, being already assessed on the water consumption of local body.

Sr. no.	Purpose for water consumed	Water consumption quantity (CMD)
1.	Domestic purpose	420.0

- 5) The firm shall provide Specific Water Pollution control system as per the conditions of EPAct,1986 and rule made there under from time to time/ Environmental Clearance.

Sumer

Schedule-II

Terms & conditions for compliance of Air Pollution Control:

1. As per your application, you have erected following stack (s) and to observe the following fuel pattern-

Sr. No.	Stack Attached To	APC System	Height in Mtrs.	Type of Fuel	Quantity & UoM
01.	DG set (380 KVA)	Acoustic Enclosure	5.0*	HSD	56.90 Lit/Hr

*Above roof of the building in which it is installed.

D.G. Set shall be operate only in case of power failure.

2. The applicant shall operate and maintain above mentioned air pollution control system, so as to achieve the level of pollutants to the following standards:

Particulate matter	Not to exceed	150 mg/Nm ³ .
--------------------	---------------	--------------------------

3. The Applicant shall obtain necessary prior permission for providing additional control equipment with necessary specifications and operation thereof or alteration or replacement/alteration well before its life come to an end or erection of new pollution control equipment.
4. The Board reserves its rights to vary all or any of the condition in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, other in whole or in part is necessary).
5. Ambient noise levels should conform to prescribed standards both during day and night. The ambient air and noise quality should be closely monitored during construction phase.

1	Consent to Establish	Rs. 10 lakh	15 Days	Towards compliance of consent conditions	Upto Commissioning of the project	Five years

Maharashtra Pollution Control Board

Schedule-IV

General Conditions:

The following general conditions shall apply as per the type of the industry.

- 1) The applicant shall provide facility for collection of samples of sewage effluents, air emissions and hazardous waste to the Board staff at the terminal or designated points and shall pay to the Board for the services rendered in this behalf.
- 2) The firm shall strictly comply with the Water (P&CP) Act, 1974, Air (P&CP) Act, 1981 and environmental protection Act 1986 and Solid Waste Management Rules, 2016 and E-Waste (Management) Rules, 2016.
- 3) Drainage system shall be provided for collection of sewage effluents. Terminal manholes shall be provided at the end of the collection system with arrangement for measuring the flow. No sewage shall be admitted in the pipes/sewers downstream of the terminal manholes. No sewage shall find its way other than in designed and provided collection system.
- 4) Vehicles hired for bringing construction material to the site should be in good condition and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- 5) Conditions for D.G. Set
 - a) Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically.
 - b) Industry should provide acoustic enclosure for control of noise. The acoustic enclosure/ acoustic treatment of the room should be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with insertion loss of 25 dB (A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - c) The industry shall take adequate measures for control of noise levels from its own sources within the premises in respect of noise to less than 55 dB(A) during day time and 45 dB(A) during the night time. Day time is reckoned between 6 a.m. to 10 p.m and night time is reckoned between 10 p.m to 6 a.m.
 - d) Industry should make efforts to bring down noise level due to DG set, outside industrial premises, within ambient noise requirements by proper siting and control measures.
 - e) Installation of DG Set must be strictly in compliance with recommendations of DG Set manufacturer.
 - f) A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use.
 - g) D.G. Set shall be operated only in case of power failure.
 - h) The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
 - i) The applicant shall comply with the notification of MoEF dated 17.05.2002 regarding noise limit for generator sets run with diesel.
- 6) ~~Solid Waste~~ The applicant shall provide onsite municipal solid waste processing system & shall comply with Solid Waste Management Rules, 2016 & E-Waste (M) Rules, 2016.
- 7) Affidavit undertaking in respect of no change in the status of consent conditions and compliance of the consent conditions the draft can be downloaded from the official web site of the MPCB.
- 8) The treated sewage shall be disinfected using suitable disinfection method.
- 9) The firm shall submit to this office, the 30th day of September every year, the environment statement report for the financial year ending 31st march in the prescribed Form-V as per the provision of rule 14 of the Environmental (Protection) Second Amended rule 1992.
- 10) The applicant shall obtain Consent to Operate from Maharashtra Pollution Control Board before commissioning of the project.

 w/no CHE/9152/WS/AK Dt.16.02.2015
 8) Excavation permission w/no. AC/DESK-IV/MNL/SR-251/2015-16
 Dt.23.07.2015

Gentlemen,

With reference to your application along with papers submitted, you are allowed to transport debris from designated point of generation to designated point of disposal as stated in "Debris Management Plan" submitted by you. This is only transportation approval & does not amount to permission to dispose off debris at designated or any other site. As per papers submitted and after the site inspection of by A.E.(SWM) K/E and his NOC it is observed that as per the letter, you have proposed to handle & transport approximately 200 brass of excavation earth to be unloaded at Development of land for Rehabilitation and Resettlement of Airport Project Affected villages in Sector 24 of Vahal, Ulwe Node, Navi Mumbai for Debris clearance certificate under the "Construction Demolition Waste (Management & Disposal) Rules 2006", for the subject plot. You are requested to abide the rules and regulations as below:-

Environmental Conditions:-

1. You are allowed to transport approx. 200 brass of excavation earth to be unloaded at Development of land for Rehabilitation and Resettlement of Airport Project Affected villages in Sector 24 of Vahal, Ulwe Node, Navi Mumbai through transport contractor M/s. Lokesh Transport
2. You will ensure that, debris / construction waste generated is stored in proper container till its utilizations. Under any circumstances the debris / construction waste generated is not deposited on roads of footpath.
3. You will transport the construction waste through only vehicles, details of which are furnished by you. Any change in the same shall be intimated and get approved before implementation.
4. You will adhere to the pollution norms, the noise level for the activities to be performed and covered under this permission.
5. You will ensure that the transport agency appointed by you should follow the route map submitted by you for transporting the earth/debris from subject site to the unloading site.
6. The surroundings & vicinity of excavation and leveling of same material inside the plot shall be maintained clean.

7. The vehicles specified shall not create any nuisance i.e. spilling slurry / waste on road while transportation. The body, wheels, chassis etc, shall therefore be washed and cleaned thoroughly to avoid spreading of waste on road.
8. The vehicles deployed shall abide by the vehicle registration numbers given to this office and see that they conform to R.T.O. Rules & Regulations and Pollution Control Norms and be properly covered with tarpaulin or any other suitable material firmly on the vehicle to avoid any escape and fall of waste on road.
9. Each of the vehicle deployed under this approval shall carry the copy of approval while transportation of waste.
10. The challan used for transportation and unloading shall clearly specify all the details including loading and disposal site.
11. You will ensure that barricading and enclosure are provided at construction site to avoid escape of fugitive dust into the atmosphere, as well as its deposits to spread on street / footpaths / drains etc.
12. You will ensure that precautionary measures are taken to avoid any disaster due to excavation of earth to the neighboring structures / compound walls / roads / S.W.D. etc. and excavation work will strictly be carried out under the supervision and responsibility of structural engineer.
13. While carrying out the work, if any damaged occurred to the neighboring structure / compound wall / road / S.W.D. etc. or during dumping / disposal of excavated earth, chokes flooding situation to nearby area / house, then developer / owner / builder will be held responsible and they have to carry out repairs of damaged structure / compound wall / Roads / S.W.D. etc. free of cost.
14. You will ensure that the necessary permission from the Collector for excavation purpose and permission from Building Proposal department for any changes, modification/alteration/ demolition if any be obtained before actual starting of the work and copy of the same be produced to this office for perusal & for which a separate C & D permission is to be obtained by the concerned.
15. The NOC / Permission required for Central / State or any Government authority shall be complied with before execution of the work.
16. The letter is granted presuming that the papers submitted by the applicants / POA / Occupant / Owners are genuine & for any dispute arising out of documents submitted by applicant, POA / Occupant / Owner will be held responsible.
17. This letter is not valid for the areas covered with mangroves contravention of this clause will be attract prosecution under the Environment Protection Act & other relevant act.
18. Violation of any condition stated above will attract the action as per the C. & D. Rules.
19. The approval granted here to does not absolve the approval required from the other department.
20. The transportation of excavation earth / construction waste shall be done in day time only.
21. The M.C.G.M. reserves the right to revoke the same permission if conditions of environment is not followed or in any such unavoidable circumstances without giving any notice or reasons.

Andheri (east),
MUMBAI - 400059.

Reg.: Usage of Excavated Earth for site filling and leveling of our SRA project at Chandivali.

Ref.: Excavation of Land for Basement for "Windfall Building" near Kohinoor Hotel at Ahdheri Kurla Road, Andheri (E), Mumbai.

Dear Sir,

This is in refrence to the Earth Excavation activity for construction of basement at the above referred site.

We would state that the Excavated Earth (Constrcution waste) generated at the project Sahar Plaza "Windfall Building" has been used in filling and leveling of our site at property bearing CTS No.11A(pt.), 16, 19, 20(pt), 11D(pt), 50A(pt), 25(pt) of Village Chandivali Taluka-Kurla.

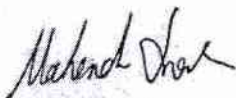

Due to topography of our plot we had required the excavated earth for filling and leveling some of the portions of our property for its proper usage.

The activity of Earth Excavation was carried out from 2006 onwards and the same was used far filling and leveling at our above referred site. Appx 300 Truck loads would have been used in the same.

Thanking you,

Yours faithfully,

For SUMER CORPORATION,

PARTNER.

w/n/lsc-2013

TEST REPORT

ENCLOSURE - II

THE NOISE POLLUTION (REGULATION AND CONTROL) RULES, 2000

(The Principal Rules were published in the Gazette of India, vide S.O. 123(E), dated 14.2.2000 and subsequently amended vide S.O. 1046(E), dated 22.11.2000, S.O. 1088(E), dated 11.10.2002, S.O. 1569 (E), dated 19.09.2006 and S.O. 50 (E) dated 11.01.2010 under the Environment (Protection) Act, 1986.)

• SCHEDULE

(See rule 3(1) and 4(1))

Ambient Air Quality Standards in respect of Noise

Area Code	Category of Area / Zone	Limits in dB(A) Leq	
		Day Time	Night Time
A	Industrial Area	75	70
B	Commercial Area	65	55
C	Residential Area	55	45
D	Silence Zone	50	40

- Note:
1. Day time shall mean from 6.00 a.m. to 10.00 p.m.
 2. Night time shall mean from 10.00 p.m. to 6.00 a.m.
 3. Silence zone is an area comprising not less than 100 meters around hospitals, educational institutions, courts, religious places or any other area which is declared as such by the competent authority.
 4. Mixed categories of areas may be declared as one of the four above mentioned categories by the competent authority.
- * dB(A) Leq denotes the time weighted average of the level of sound in decibels on scale A which is relatable to human hearing.
A "decibel" is a unit in which noise is measured.
"A", in dB(A) Leq, denotes the frequency weighting in the measurement of noise and corresponds to frequency response characteristics of the human ear.
Leq: It is energy mean of the noise level over a specified period.

• CONSTRUCTION ACTIVITIES

The maximum noise levels near the construction site should be limited to 75 dB(A) Leq(5 min.) in industrial areas and to 65 dB(A) Leq(5 min.) in other areas.

• THE PERMISSIBLE LEVELS FOR NOISE EXPOSURE FOR WORK ZONE

(The Model Rules Of The Factories Act, 1948)

Peak sound pressure level in dB	Permitted number of impulses or impact/day
140	100
135	315
130	1000
125	3160
120	10000

- Notes:
1. No exposure in excess of 140 dB peak sound pressure level is permitted.
 2. For any peak sound pressure level falling in between any figure and the next higher or lower figure as indicated in column 1, the permitted number of impulses or impacts per day is to be determined by extrapolation on a proportionate basis.

Total time exposure (continuous or a number of short term exposures per day) in Hrs	Sound Pressure Level in dB(A)
8	90
4	93
2	96
1	99
1/2	102
1/8	108
1/16	111
1/32 (2 minutes) or less	114

- Notes:
1. No exposure in excess of 115 dB(A) is to be permitted.
 2. For any period of exposure falling in between any figure and the next higher or lower figure as indicated in column 1, the permissible sound pressure level is to be determined by extrapolation on a proportionate basis.

ANNEXURE 08-STRUCTURAL STABILITY CERTIFICATE

CERTIFICATION FROM STRUCTURAL ENGINEER REGARDING EQ RESISTANT DESIGN

ASHOK J. PARIKH
REGISTERED CIVIL ENGINEER, DIST. MUMBAI
OFFICE: 7-42, BARDED A.C. MARKET, TARDEO, MUMBAI-400 076

CE: 179584 / 2334 0703
SI: 19 0061
Regd. 2334 0261
e-mail: ashokjparikh@gmail.com

TO: WHOSEVER IT MAY CONCERN

"Meadows" & "Windfall" Office Building No. 6 & No. 3 respectively and proposed "Mini" building on Sub-Plot "A" of property on Plot No. 179-A to 179-H of Village Mulgaon, CTS No. 230-A to 230-D, 233-D, 243-A & 243-A1 of Village Khandivli, Maharashtra, Vasanti Road, Andheri (East), Mumbai. for M/s Tulsiyani Sauner & Associates, Tulsiani Chambers, Marine Drive, Mumbai - 400 020.

This is to certify that the R.C.C. for the above-referred buildings No. 6 & 3 (Lower Basement, Upper Basement, Silt Floor plus upper floors) is completed as per my design & detailed drawings. To the best of my knowledge, the workmanship and the materials used are of good quality and sound enough to sustain the loads for which it is designed. The soil strata available on site is capable to take the bearing pressure as per investigations carried out by the soil expert. Raft foundation is designed for the bearing pressure for which it was recommended.

Further, I assure the buildings are designed as a framed structure to resist the seismic forces and earthquakes as per the provision of relevant Codes IS 1893 & other relevant codes concerned. However, the structural behaviour depends upon the ground profile and ground vibrations.

The Office of
 Chief Fire Officer
 Mumbai Fire Brigade
 Suburban Head Quarters
 1st Fire Station,
 A-9th Shyam Dal Marg,
 Marel Nagar,
 Mumbai - 400 059.

No. : FB/HR/R-IV/501
 Date: 6/12/13

Amended NOC stipulating fire fighting & fire protection requirements for Proposed high rise commercial building No. 3 on Sub Plot A, Plot bearing C.T.S. No. 179-A to 179-H of Village Mulgaon C.T.S. No. 230-A to 230-D, 238-D, 243-A and 243-A/1 of Village Kondivita at M.V. Road, Andheri (East).

Ref: Letter dated 14.11.2013 from A.E.B.P. (W.S.) K/E Ward, under No. CE/8644/WS /AK
 M.F.B. No. HR/R-IV/501 dated 02.12.2013.

E.E. B.P. (W.S.)

In this case, please refer to this office NOCs. issued under No. FBL/S/497/1705 dated 20.12.07 for the construction of a low rise commercial building comprising of two independent wings i.e. wing A and wing A1 and two interconnected wings i.e. B wing and B1 wing having ground floor on stilts having ground floor on stilts and five upper floors with two level basement with a height of 18.45 mtrs.

Subsequently this office has issued amended NOC under No. FBM/S/508/1099 dated 15.1.09 for the construction of a high rise commercial building comprising of A - A1 wings having ground floor on stilts and one upper floor with a height of 6.25 mtrs., while B - B1 wings having ground floor on stilts and nine upper floors (part 9th floor) with two level basement with a height of 30.65 mtrs.

Further, this office has issued amended NOC under No. FB/HR/WS/198 dated 05.06.2010 for the construction of a high rise commercial building comprising of wings A - A1 as well as B - B1 having ground floor partly on stilts and 12 upper floors with two level basement with a height of 40.40 mtrs.

The work of wing B - B1 comprising of ground floor partly on stilts and 12 upper floors with two level basement was completed and Occupation Permission was granted under No. FB/HR/WS/172 dated 14.06.2011. Also E.E.B.P. (W.S.) has granted Occupation Permission under No. CE/8644/WS/AK dated 17.10.2011.

C.C. upto top of basement of wings A - A1 has been granted by E.E.B.P. (W.S.) H & K under No. CE/8644/WS /AK dated 19.06.2007. The work is carried out accordingly.

Now Licensed Surveyor has once again submitted amended plans for approval for wing A - A1 only. Wing A - A1 will now comprise of ground floor partly on stilts and 9 upper floors with two level basement with a height of 36.65 mtrs.

 06/12/13

The floor-wise user of wing A - A1 is as under.

Floor	User
Lower & Upper Basements	Car parking with two No. of 6.00 mtrs wide each two way Ramps, Fan Rooms, STP plant, BMS room(UB) & Pump Rooms
Ground floor	Food Court, Driver room, Security room, Society Office & stilts for car parking
1 st floor	13 No. of Offices & Common Podium for single layer car parking with a 6.00 mtrs wide two way Ramp.
2 nd to 6 th , 8 th & 9 th floor	14 No. of Offices
7 th floor	12 No. of Offices & Refuge Area.

Both the level basements (common for wings A - A1 as well as B - B1) have been provided with five No. of staircases having flight width of 1.50 mtrs. each. Two No. of two way Ramps of 6.00 mtrs. width each are proposed for both the level Basements as approved earlier. Natural ventilation to the basement will be provided through the ventilation cutouts and trenches. However, the Licensed Surveyor has been directed to provide mechanical ventilation/smoke extraction system facilitating 15 air changes per hour in normal course and capable of converting to 30 air changes per hour in case of emergency.

Wing A - A1 has been provided with two inter-connected enclosed type staircases having flight width of 1.50 mtrs. each which are connected by common passage having width of 2.44 mtrs. The staircases are externally located and adequately ventilated. The lift lobby/common passage at each floor level is directly ventilated to outside air, as shown in the plan.

Total ^{three} ~~four~~ No. of lifts are proposed out of which Two No. of lifts (one near each staircase) will be converted into Fire Lifts.

The building abuts on 12.00 mtrs. wide Internal road on North side which is connected to 13.40 mtrs. wide D.P. road on West side as well as M. V. Road on South side. The open spaces around the building are as under.

- North side - 6.00 mtrs. to 10.97 mtrs. at podium levels + 12.00 mtrs. wide Internal road
- South side - 8.06 mtrs. to 22.55 mtrs. including 12.00 mtrs. wide access road
- East side - 9.17 mtrs. to 9.80 mtrs. at ground level
- West side - 6.10mtrs. to 15.33 mtrs. at ground level and partly ramp for podium

Refuge area

Refuge area Floor	Refuge area at a height from Ground level	Refuge area Required	Refuge area proposed
At 7 th floor level	25.70 mtrs.	245.70 sq. mtrs.	252.42 sq. mtrs.

In addition, terrace floor level will be treated as refuge area. Excess refuge area will be counted in FSI. The architect has agreed to paved the R.G. up to 12mtrs on South side to facilitate the rescue operation.

In view of the above, as far as this department is concerned, there would be no objection for the construction of proposed high rise commercial building comprising of Wing A - A1 having ground floor partly on stilts and 9 upper floors with two level basement with a height of 36.65 mtrs. annexed to existing Wing B - B1 having ground floor partly on stilts and 12 upper floors with two level basement with a height of 40.40 mtrs, as per the details shown on the enclosed amended plans, signed in token of approval, subject to satisfactory compliance of the following requirements.

1. All the requirements stipulated earlier vide this office NOC issued under No. FB/HRWS/198 dated 05.06.2010 shall be complied along with following requirement.
2. FOOD COURTS:
Necessary license under Section 394 of BMC Act shall be obtained for the Food Courts.
3. GLASS FAÇADE
 - 1) An Opening to the glass façade of min. width 1.5 m and height 1.5 m shall be provided at every floor at a level of 1.2 m from the flooring facing compulsory open space as well as on road side. Minimum one such opening shall be provided at the interval of every 15 m.
Mechanism of Opening: - The openable glass panel shall be either left or right hinged to facilitate approach of the rescue cage / ladder. Similarly, this portion shall have manual opening mechanism from inside as well as outside. Such openable panels shall be marked conspicuously so as to easily identify the openable panel from outside.
 - 2) Distance between the external wall/building line (glass / brick) and glass façade shall not be more than 300 mm.
 - 3) The smoke seals / barriers between building wall and façade shall be provided at every floor level in the form of non-combustible material / vermiculate cement.
 - 4) Glass façade blocking the area of staircase, lift lobby and corridor shall be kept openable. Pressurized system of the staircase / lobby shall be synchronized with opening mechanism.
 - 5) The glazing used for the façade shall be of toughened (tempered) safety glass as per I.S. 2553, Part I or laminated safety glass as per I.S. 2553 - Part I, satisfying stability criteria.
 - 6) Automatic wall drenchers shall be provided at every floor level from inside of the façade.
 - 7) Openable vent of 600 mm height to be installed below ceiling level or false ceiling level (if provided). - The openable vent of minimum 2.5% of the floor area shall be provided. It shall be of min 600 mm depth below ceiling / false ceiling or full length on the periphery of the façade whichever is less. - Openable mechanical devices for the said vent shall be located at 1.2 m height from the flooring level. The Openable vent can be pop-out type or

bottom hinged provided with fusible link opening mechanism and shall also be integrated with automatic Smoke Detection system.

OR

Alternate vertical glass panels of the facade shall be openable type with the mechanism mentioned above in order to ventilate the smoke.

8) Refuge areas covered with the glass facade shall have all the panels openable (either left or right hinged) both from inside as well as out side.

The party has earlier paid capitation fee of Rs. 2,40,000/- vide receipt No. 675701 dated 19.12.2007 on the gross built-up area of 48000 sq.mtrs. (as low rise building) as certified by the Licensed Surveyor vide his letter dated 20.11.2007.

Subsequently, the Licensed Surveyor vide his letter dated 12.11.2008 has certified the gross built-up area as 48000 sq.mtrs. (as high rise building) and the party has paid additional capitation fee of Rs. 2,40,000/- vide receipt No. 361541 dated 06.01.2009 (SAP docket No. 1000217405).

Subsequently, the Licensed Surveyor vide his letter dated 19.05.2010 has certified the gross built-up area as 94200 sq.mtrs. and the party has paid additional capitation fee of Rs. 4,62,000/- vide receipt No. 1636257 dated 04.06.2010 (SAP docket No. 1000609997) on the additional built-up area of 46200 sq.mtrs.

Now, the Licensed Surveyor vide his letter dated 23.11.2013 has certified the gross built-up area as 78000 sq.mtrs. and the party has paid additional scrutiny fee of Rs. 12,42,000/- vide receipt No. 3410618 dated 03.12.2013 (SAP docket No. 1001606822)
